

# Micro40 Conical Fixed

Micro40 provides fully recessed downlight for interior installation. Micro40 products include round and square variants in 1.57" trim. Include adjustable and fixed in a flanged or trimless installation kit. Available in 3 color temperatures and various beam angles. TRIAC/Phase, 0-10V/1-10V, DMX and DALI/digital dimming.

M40-CL-TR  
Cut-out 36mm (1.42") Ø

M40-CL-TR  
Cut-out 37mm (1.46") Ø

**Installation kit for overlap flange**  
Springs attached to fixture

**Mud-in kit for seamless/trimless**

\*Refer to Technical Details for more information

^Not all power supplies are available for single connection, some require series connection with multiple fittings. Consult Lucent Lighting Inc for more information.

### Technical Details

\*Custom color requires a paint chip or RAL code and may increase price and lead-time

It is the responsibility of the specifier/integrator/installer to check and ensure compatibility of any control equipment used. Additional cabling may be required depending on the dimming protocol specified.

\*\*Bluetooth (wireless) is a communication protocol. The exact dimming protocol must be confirmed to allow the selection of suitable drivers or Bluetooth devices.

\*\*\*Non specific driver type, dimming performance depending on exact driver used. Contact Lucent Lighting for more information.

^ Depth indicated is the minimum recess depth for the luminaire with a remote mounted LED driver. Installing a driver through either the luminaire cut-out or installation kit may require additional recess depth, please refer to the relevant installation instructions prior to purchase.

First Fix Requirement. Luminaire comprised of fixture body with ceiling trim and installation kit, which is to be fitted into the ceiling once finished. Ensure correct alignment of the installation kit before final assembly (see luminaire installation instructions for details)

Location. Tested from underside of the ceiling.
