7. Finished installation

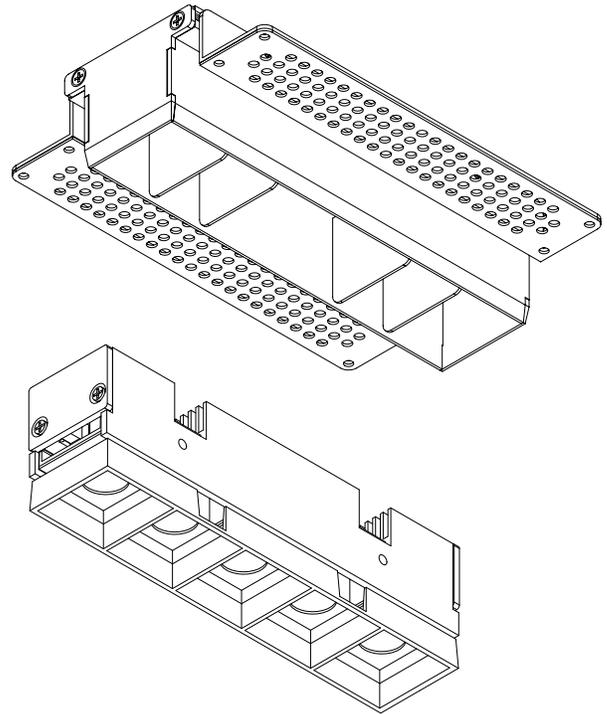

Installation Instructions- Line Trimless

! MAINS POWER TO BE SWITCHED OFF DURING INSTALLATION.

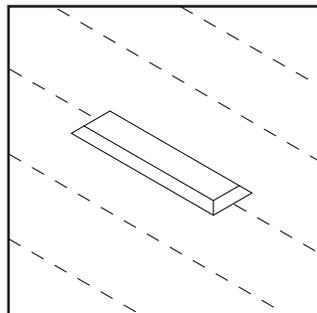

Do not cover fixture with insulation material.

*Additional clearance may be required when fitting a local driver in the ceiling void. See driver list for required depth information.

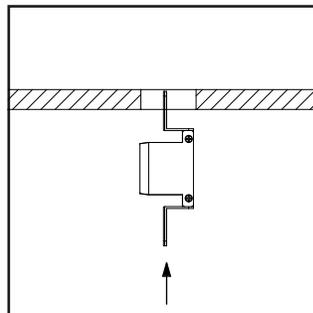

1 Lamp 	35x35mm
2 Lamp 	35x58mm
5 Lamp 	35x138mm
10 Lamp 	35x273mm

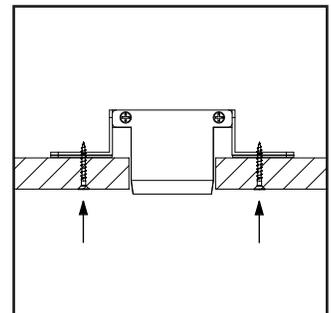

1. Cutout size

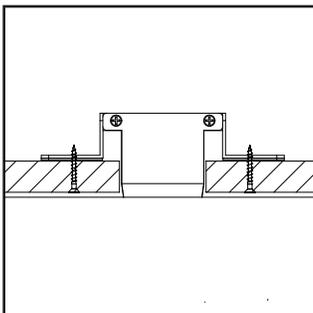

2. Prepare cutout in surface.

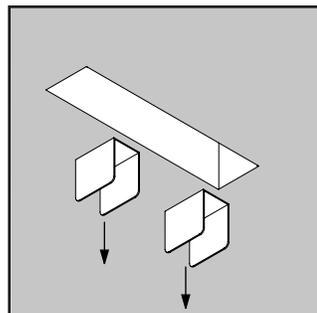

3. Lift mounting kit through the cutout

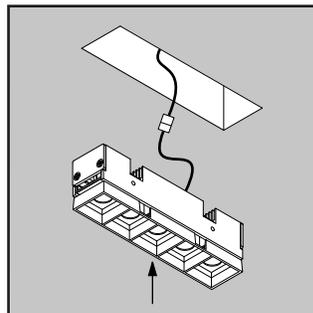

4. Secure mounting kit to the ceiling. Be careful not to compress sides of kit.

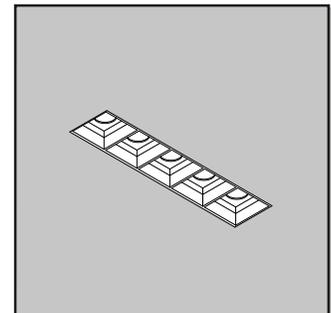

5. Plaster up to the protruding edge and finish the ceiling.

6. Remove spacers from mounting kit. Driver can now be passed through into ceiling void if being used locally.

6. Connect LED module to power supply and lift into mounting kit, noting the position of the magnets.

7. Finished installation
